

Why P3

The unique aspect of our business is the mindset of our employees: curious, adventurous, and innovative.

P3 consultants take on early responsibilities with clients in management consulting, diverse technology topics, and scalable IT solutions.

Make a project your project. Openness for new, innovative, and unconventional approaches; short decision paths; respectful cooperation; and fruitful synergies make us a diverse, unbeatable team and successful company - worldwide.

BRANCHE ENERGY

Senior Consultant (m/w/d) E-Mobility Industrialization

LOCATIONS: GERMANY

WHAT YOU'LL DO

- You will enable customers to industrialize innovative technologies (e.g., battery cells & systems, fuel cells & electrolyzers, power electronics, etc.)
- You will add value from the initial idea of a new and innovative product to the ramp-up of a large-scale production
- You will work on recent industry challenges and implement solutions for our customers to overcome these challenges
- You will manage industrialization projects from concept to execution
- You will prepare, build-up and install industrialization frameworks for innovative customers globally

WHO YOU ARE

- You have 2+ years of experience in the field of e-mobility, production planning and / or industrial engineering
- You have successfully completed your studies in the field of industrial or mechanical engineering, chemistry, software development or another technical field
- You are business fluent in English and German
- You are keen on working with innovative technologies
- You have strong project management skills
- You are a team player but you can also work well alone
- You are communicative and add remarkable presentation skills
- You are willing to travel
- You are characterized by a precise, independent, and structured way of working as well as a quick perception
- You have experience and references along the industrial engineering value chain from production concept development to detailed engineering and equipment selection up to ramp-up preparations and management
