

## Why P3

The unique aspect of our business is the mindset of our employees: curious, adventurous, and innovative.

P3 consultants take on early responsibilities with clients in management consulting, diverse technology topics, and scalable IT solutions.

Make a project your project. Openness for new, innovative, and unconventional approaches; short decision paths; respectful cooperation; and fruitful synergies make us a diverse, unbeatable team and successful company - worldwide.

BRANCHE: ENERGY / LOCATIONS: BERLIN (DE); DÜSSELDORF (DE); GERMANY; HA...

## Intern (m/f/d) - Battery Energy Storage Systems (BESS)

## WHAT YOU'LL DO

- You will support our Owner's Engineering and Technical Advisory teams in large-scale battery energy storage system (BESS) projects in Germany
- You will create and prepare requirement profiles and specifications for large-scale battery storage systems
- You will assist with technical and economic evaluations of BESS concepts – from performance analyses to cost considerations
- You will prepare complex technical content in clear and concise presentations for internal and external stakeholders
- You will work on project management tasks such as scheduling, task tracking, and document management in SharePoint
- You will play an active role in some of Germany's largest battery storage projects, thereby directly shaping the energy transition

## WHO YOU ARE

- You are pursuing a technical degree, ideally in electrical engineering, energy technology, or a related field
- You enjoy technical challenges and are eager to learn more about battery storage
- You are motivated to understand complex issues and present them accurately
- You are reliable and work in a structured manner, both independently and as part of a team
- You have very good communication skills in German and English (spoken and written)
- You are available for at least 3 months and ideally interested in a longer-term collaboration
- You are enrolled at a university and have already completed your first year of study
