

Why P3

The unique aspect of our business is the mindset of our employees: curious, adventurous, and innovative.

P3 consultants take on early responsibilities with clients in management consulting, diverse technology topics, and scalable IT solutions.

Make a project your project. Openness for new, innovative, and unconventional approaches; short decision paths; respectful cooperation; and fruitful synergies make us a diverse, unbeatable team and successful company - worldwide.

BRANCHE: AUTOMOTIVE / LOCATIONS: GREENVILLE (SC, USA)

Consultant (m/f/d) Quality Engineering (QE/SQE/SDE)

Marei Buderath

HR USA

WHAT YOU'LL DO

- Act as a trusted partner to suppliers, identifying improvement areas and driving Quality Improvement initiatives.
- Take ownership in Crisis Management situations, implementing rapid solutions to restore quality and delivery performance.
- Lead efforts during design and development phases to prevent defects, minimize risks, and ensure robust quality standards.
- Provide expert guidance to enhance processes and stabilize production and manufacturing operations.
- Drive continuous improvement programs focused on quality, cost, delivery, and sustainability metrics.
- Assess supplier capabilities, quality systems, and compliance standards.

WHO YOU ARE

- You have a bachelor's degree (or higher) in engineering or a comparable field.
- You bring 3+ years of experience in the automotive industry; EV-sector experience is a plus.
- You are passionate about Quality Improvement and skilled in implementing robust processes to prevent defects and enhance performance.
- You thrive in Crisis Management situations, staying calm under pressure and delivering rapid, effective solutions to stabilize production and restore delivery commitments.
- You have strong problem-solving skills and proven ability to conduct root cause analysis.
- Hands-on experience with Quality Management Systems (QMS), testing methodologies, and compliance standards (IATF, VDA, ISO).
