

## Why P3

The unique aspect of our business is the mindset of our employees: curious, adventurous, and innovative.

P3 consultants take on early responsibilities with clients in management consulting, diverse technology topics, and scalable IT solutions.

Make a project your project. Openness for new, innovative, and unconventional approaches; short decision paths; respectful cooperation; and fruitful synergies make us a diverse, unbeatable team and successful company - worldwide.

LOCATIONS: DETROIT (MI, USA)

## Technical Project Manager (m/f/d) for embedded Software development

### Marei Buderath

HR USA

[myfuture@p3-group.com](mailto:myfuture@p3-group.com)

## WHAT YOU'LL DO

- You will take ownership of demanding assignments in software development projects within the automotive industry. Your responsibilities will span diverse areas, with the specific tasks depending on client needs and your individual strengths. They will include some of the following but not all within the same project:
- You own scope and timeline, manage and coordinate embedded software development projects throughout the lifecycle.
- Define technical project scope, objectives, and deliverables in alignment with customer requirements.
- Coordinate multidisciplinary teams including software engineers, hardware engineers, and QA specialists.

## WHO YOU ARE

- You hold a Bachelor's or Master's degree in Computer Science, Electrical Engineering, or a related technical field.
- Proven experience in technical project management within embedded software development (3-8 years) in the automotive industry.
- Strong understanding of embedded systems, software architecture, and development processes.
- Experience in product design.
- Familiarity with automotive standards (e.g., ASPICE, ISO 26262) is a plus.
- Excellent organizational and leadership skills with a hands-on approach.
- Proficiency in project management tools (e.g., Jira, MS Project).
- Strong communication skills in English; German is an advantage.
- PMP, IPMA, or Agile certification is desirable.
- Self-motivated and driven with an entrepreneurial spirit.
- Excellent written and verbal communication skills, with powerful presentation skills.
