

## Why P3

The unique aspect of our business is the mindset of our employees: curious, adventurous, and innovative.

P3 consultants take on early responsibilities with clients in management consulting, diverse technology topics, and scalable IT solutions.

Make a project your project. Openness for new, innovative, and unconventional approaches; short decision paths; respectful cooperation; and fruitful synergies make us a diverse, unbeatable team and successful company - worldwide.

## Data & AI Expert and Consultant (m/f/d)

## WHAT YOU'LL DO

- You design and implement scalable Data Services architectures that enable high-quality, secure, and accessible data for AI solutions.
- You develop advanced GenAI and Agentic AI applications that deliver real business value.
- You orchestrate AI Automation pipelines and build/optimize end-to-end AI workflows across multiple systems.
- You translate business needs into actionable AI Strategy and provide expert consulting to stakeholders.
- You deliver reliable and performance-driven AI Managed Services to support long-term operations.
- You ensure compliance with AI Governance frameworks and champion Responsible AI principles.

## WHO YOU ARE

- You have deep experience with AI architectures, LLMs, and data pipelines.
- You bring a strong understanding of Cloud Ecosystems and MLOps/LLMOps practices.
- You are comfortable engaging with senior stakeholders and translating complex AI concepts into clear business impact.
- You enjoy working in cross-functional teams and driving innovation end-to-end.
- You communicate fluently in English (German is a plus).
