

## Why P3

The unique aspect of our business is the mindset of our employees: curious, adventurous, and innovative.

P3 consultants take on early responsibilities with clients in management consulting, diverse technology topics, and scalable IT solutions.

Make a project your project. Openness for new, innovative, and unconventional approaches; short decision paths; respectful cooperation; and fruitful synergies make us a diverse, unbeatable team and successful company - worldwide.

### LOCATIONS:

## ERP Implementation Specialist (QAD & Redzone) (f/m/d) Consulting

### WHAT YOU'LL DO

- Lead the installation, configuration, and integration of QAD ERP systems for automotive, medical, food processing clients, etc...
- Collaborate with operations teams to align ERP functionality with manufacturing processes, including production planning, inventory management and quality control.
- Support process optimization by leveraging QAD and Redzone capabilities to improve efficiency and data transparency.
- Provide technical guidance and training to end-users, ensuring smooth adoption and system utilization.
- Act as a bridge between IT and business operations, translating technical requirements into practical solutions.

### WHO YOU ARE

- You hold a Bachelor's or Master's degree in Information Technology, Computer Science, Industrial Engineering or a related technical discipline or Business Administration or a related field.
- Experienced in QAD/Redzone ERP implementation, including installation, customization, and process configuration.
- Strong understanding of manufacturing operations and business processes within the automotive industry.
- Knowledgeable in master data structures, data governance, and ERP administration best practices.
- Familiarity with Redzone or similar connected workforce platforms is a plus.
- Experienced in quality assurance methods, including test planning, defect tracking, and system validation.
- Excellent problem-solving skills and ability to work cross-functionally with technical, operational, and quality teams.
