Why P3

The unique aspect of our business is the mindset of our employees: curious, adventurous, and innovative.

P3 consultants take on early responsibilities with clients in management consulting, diverse technology topics, and scalable IT solutions.

Make a project your project. Openness for new, innovative, and unconventional approaches; short decision paths; respectful cooperation; and fruitful synergies make us a diverse, unbeatable team and successful company - worldwide.

BRANCHE: IT_MEDIA / LOCATIONS: STUTTGART

IT System Administrator (m/f/d)

WHAT YOU'LL DO

- Strategy & Planning: You don't just manage the status quo — you shape the future. You develop IT strategies for our German locations and implement them independently.
- Project Management: You lead the introduction of new software services and manage the entire process — from technical implementation to user training.
- Multi-OS Support: Whether Windows notebooks or Apple Macs — you ensure a high-performance client landscape (installation, configuration, troubleshooting).
- Infrastructure & Network: You ensure connectivity across all locations (LAN, WiFi) and maintain local network components.

WHO YOU ARE

- Background: Degree in computer science, business informatics, or vocational IT training (e.g., IT specialist).
- All-round Skills: Excellent knowledge in administering both Windows 11 AND macOS. You feel at home in both environments.
- Strategic Mindset: Experience not only in executing but also in planning and evaluating IT concepts.
- Network Know-how: Solid understanding of network infrastructures (LAN, WAN, WiFi, VPN).
- Organizational Talent: Experience in introducing new software solutions and in project management.
- Mobility: Class B driver's license and willingness to travel regularly to our German locations.
- Languages: Very good English skills.
