

Why P3

The unique aspect of our business is the mindset of our employees: curious, adventurous, and innovative.

P3 consultants take on early responsibilities with clients in management consulting, diverse technology topics, and scalable IT solutions.

Make a project your project. Openness for new, innovative, and unconventional approaches; short decision paths; respectful cooperation; and fruitful synergies make us a diverse, unbeatable team and successful company - worldwide.

LOCATIONS: BELGRADE (SRB)

Network Engineer - RAN & Core Benchmarking

WHAT YOU'LL DO

- Technical interpretation of benchmarking KPIs and measurement data
- Deep analysis of RAN and Core network performance
- Vendor-specific expertise (Ericsson, Huawei, Nokia)
- Root-cause analysis of network behavior and performance gaps
- Development of optimization hypotheses and improvement strategies
- Contribution to methodology, KPI models, and scoring logic
- Participation in technical deep dives and client workshops
- Continuous improvement of network intelligence models

WHO YOU ARE

- Several years of experience in mobile network engineering (RAN and/or Core)
- Strong understanding of performance metrics and network behavior
- Analytical mindset with interest in data-driven engineering
- Ability to explain complex technical topics clearly
- Motivation to work in a productized, AI-driven environment
- Advanced English communication skills, German is a plus
- Problem solver and proactive approach
