

## Why P3

The unique aspect of our business is the mindset of our employees: curious, adventurous, and innovative.

P3 consultants take on early responsibilities with clients in management consulting, diverse technology topics, and scalable IT solutions.

Make a project your project. Openness for new, innovative, and unconventional approaches; short decision paths; respectful cooperation; and fruitful synergies make us a diverse, unbeatable team and successful company - worldwide.

BRANCHE: TELECOMUNICATION / LOCATIONS: JOHANNESBURG (ZAF)

## Technical Project Manager (m/f/d) – Telecommunications South Africa

### WHAT YOU'LL DO

- You lead and deliver telecom projects from initiation to successful completion
- You manage timelines, budgets, risks, and project scope proactively
- You coordinate cross-functional teams including engineering, operations, and external partners
- You translate business requirements into technical solutions
- You ensure high-quality delivery aligned with client expectations
- You drive stakeholder communication across all levels, internally and externally
- You identify and mitigate risks before they impact delivery
- You ensure compliance with local regulations and industry standards

### WHO YOU ARE

- You have a degree in Engineering, Telecommunications, Computer Science, or a related field
- You have experience managing technical projects in the telecom industry
- You have strong knowledge of telecom networks (e.g., mobile, fixed, or core networks)
- You have proven experience in stakeholder management and client-facing roles
- You have strong analytical and problem-solving skills
- You are comfortable working in an international and dynamic environment
- You communicate clearly and confidently in English
- You bring a structured, proactive, and hands-on working style
- You are willing to take ownership and drive results
