

Why P3

Der einzigartige Aspekt unserer Unternehmensberatung liegt in der Denkweise unserer Mitarbeitenden: Neugierig, abenteuerlustig und innovationsfreudig.

P3 Beraterinnen und Berater übernehmen früh Verantwortung gegenüber Kunden im Bereich Managementberatung, bei vielfältigen Technologiethemmen und skalierbaren IT-Lösungen.

Mache ein Projekt zu deinem Projekt. Offenheit für neue, innovative und unkonventionelle Ansätze, kurze Entscheidungswege, ein respektvolles Miteinander und fruchtbare Synergien machen uns zu einem diversen, unschlagbaren Team und erfolgreichen Unternehmen - weltweit.

WHAT YOU'LL DO

- Do you want to make a real impact by keeping the business IT system running and enabling others to perform at their best? In this role, you will ensure that every IT operation runs smoothly and provide key support to our colleagues and clients. You must be able to solve technical challenges, translate issues into solutions, and contribute directly to an efficient and reliable IT environment. By working closely with multiple teams, you will help drive the world toward digital transformation. At the same time, you will grow in a dynamic environment where you have the opportunity to collaborate with experienced colleagues and continuously learn through experiences that will help you expand your technical and personal skill sets.

WHO YOU ARE

- You have a degree in computer science, business informatics, or vocational IT training (e.g., IT specialist).
- You have excellent knowledge in administering both Windows 11 and macOS and feel at home in both environments.
- You have experience not only in execution but also in planning and evaluating IT concepts.
- You have a solid understanding of network infrastructures (LAN, WAN, WiFi, VPN).
- You have experience in introducing new software solutions and in project management.
- You hold a Class B driver's license and are willing to travel regularly to our German locations.
- You have very good English skills.
