

Why P3

The unique aspect of our business is the mindset of our employees: curious, adventurous, and innovative.

P3 consultants take on early responsibilities with clients in management consulting, diverse technology topics, and scalable IT solutions.

Make a project your project. Openness for new, innovative, and unconventional approaches; short decision paths; respectful cooperation; and fruitful synergies make us a diverse, unbeatable team and successful company - worldwide.

BRANCHE: AUTOMOTIVE / LOCATIONS: CLUJ-NAPOCA (ROU)

Data Scientist

WHAT YOU'LL DO

- You will work in the field of data analysis, visualisation and data science on various projects.
- You prepare presentations for board members and decision-makers and also actively participate in customer presentations.
- You raise data-driven services in the cloud in cooperation with the DevOps team.
- You handle simple data preparation and reporting yourself, but you can also break down more complex tasks and implement them in cooperation with other specialists.
- You conduct customer workshops on requirements analysis, innovation and data modelling.

WHO YOU ARE

- You have a degree, an affinity for data, a high degree of initiative and problem-solving skills.
- You have at least 5 years of professional experience and worked on different projects.
- You have experience in software development, write clean commented code and can control the code base with Git.
