

Why P3

The unique aspect of our business is the mindset of our employees: curious, adventurous, and innovative.

P3 consultants take on early responsibilities with clients in management consulting, diverse technology topics, and scalable IT solutions.

Make a project your project. Openness for new, innovative, and unconventional approaches; short decision paths; respectful cooperation; and fruitful synergies make us a diverse, unbeatable team and successful company - worldwide.

BRANCHE: IT_MEDIA / LOCATIONS: ATHENS (GRC)

IT Consultant, Project Manager (PM)

WHAT YOU'LL DO

- Go into a role as Business Analyst, Proxy Product Owner or Scrum Master within our IT-Projects. •Determine and define project scope and objectives and the necessary resources. •Develop, monitor and manage a detailed project schedule. •Identify functional and non-function requirements with our clients for their products/services. •Support the development team in the project setup and definition plus prioritizing tasks. •Understand the products/services from a holistic point of view and identify risks during the project lifecycle. •Utilize industry best practice, techniques, and standards throughout entire project lifecycle.

WHO YOU ARE

- Bachelor's degree in Electrical Engineering, IT-related, Software Development. •2-3 years of project management and related experience in IT, Energy or Finance. •Technical / IT certifications acquired in the last 3 years. •Excellent English and German skills (speaking and writing). •Proven ability to solve problems creatively. •Strong familiarity with project management software tools, and best practices. •Experience seeing projects through the full life cycle. •Excellent analytical skills and a fast learning-curve capability to understand processes of a new domain. •Strong interpersonal skills and extremely resourceful. •Proven ability to complete projects according to outlined scope, budget, and timeline. •Able to travel 50 % of the work time.
