

## Why P3

The unique aspect of our business is the mindset of our employees: curious, adventurous, and innovative.

P3 consultants take on early responsibilities with clients in management consulting, diverse technology topics, and scalable IT solutions.

Make a project your project. Openness for new, innovative, and unconventional approaches; short decision paths; respectful cooperation; and fruitful synergies make us a diverse, unbeatable team and successful company - worldwide.

BRANCHE: AUTOMOTIVE / LOCATIONS: PARIS (FRA); TOULOUSE (FRA)

## Consultant (m/f/d) - Technical PO (Android Automotive)

## WHAT YOU'LL DO

- You work on Android Automotive OS together with our client, an international tier 1 supplier, and Google
- You take a lead role for the development of functionalities in the service layer / middle ware of the Android Automotive OS
- You take responsibilities in a team comprising of developers, architects, DevOps engineers and testers
- You discuss technical solutions with the stakeholders on the side of our client
- You discuss requirements with our customers, prioritize the backlog and (re-)write them as user stories
- You interface with our HMI development team in Cluj, Romania and our HMI team in Paris

## WHO YOU ARE

- You have successfully completed your studies in the field of engineering, computer science, etc.
- You have already gained practical experience in infotainment and connected services as well as with Android
- You have worked as a team lead, lead architect or technical product owner
- You have worked in (scaled) agile projects
- Your French and English language skills are business proficient
- You have very good communication and presentation skills
- You have strong systemic and analytical thinking capabilities
- You are flexible and willing to travel
