

## Why P3

The unique aspect of our business is the mindset of our employees: curious, adventurous, and innovative.

P3 consultants take on early responsibilities with clients in management consulting, diverse technology topics, and scalable IT solutions.

Make a project your project. Openness for new, innovative, and unconventional approaches; short decision paths; respectful cooperation; and fruitful synergies make us a diverse, unbeatable team and successful company - worldwide.

## Automotive Consultant, University Graduate

## WHAT YOU'LL DO

- You will independently carry out consulting projects with a focus on project/process/quality management, logistics, digitalization, production, connectivity, supplier management, e-mobility, SCM, etc.
- You will advise OEMs, tier ones and suppliers in the automotive industry and across industries. Your activities include the analysis, optimization and standardization of our customers' company-wide processes. You will create concepts and develop new methods. You will accompany our customers in all project phases from strategy to implementation. You will bring in innovative ideas and implement them for our customers.

## WHO YOU ARE

- Are you up for various projects in the automotive industry and want to bring the latest topics to the customer? So do we! You speak technology and have an academic background. You think conceptually, but you can also implement. You are result-oriented, but always have people in mind. You describe yourself as a pragmatic doer with digital competence. You want to be a brand ambassador for the P3. You also meet the standard blah blah: your German and English skills are very good, you are a team player, but can also work well alone, you can handle MS Office, are communicative and have high presentation skills and high willingness to travel and flexibility
