

Why P3

The unique aspect of our business is the mindset of our employees: curious, adventurous, and innovative.

P3 consultants take on early responsibilities with clients in management consulting, diverse technology topics, and scalable IT solutions.

Make a project your project. Openness for new, innovative, and unconventional approaches; short decision paths; respectful cooperation; and fruitful synergies make us a diverse, unbeatable team and successful company - worldwide.

BRANCHE AUTOMOTIVE

Consultant (m/f/d) e-Mobility

LOCATIONS: DETROIT (MI, USA)

WHAT YOU'LL DO

- You will design the technological change towards e-mobility, from battery cell to electric drive train to charging station.
- You will advise suppliers, automobile manufacturers, and the energy industry on technological issues relating to electromobility and be responsible for project management.
- You will develop future-oriented, innovative solutions and methods for our customers in the field of electromobility.
- You will develop the conceptual design, planning, presentation, and rollout of technical and business management issues relating to the main areas of charging and charging infrastructure, electric powertrain, battery, etc.
- You will support the development of the network within the e-mobility field of competence and beyond.

WHO YOU ARE

- You believe in the future of e-mobility for the automotive industry.
- You are a driven individual with an exceptional work ethic.
- You have a Bachelor's degree and experience in a related field.
- You are authorized to work in the U.S.
- You are willing to travel.
