

EU REGULATIONS & COMPLIANCE

The various transparency and disclosure obligations of the EU Taxonomy Directive and other EU regulations can mean a considerable expenditure of time and money for companies.

We at P3 provide support through our solutions to meet the regulatory & compliance challenges in a pragmatic and practice-oriented way.

Our Capabilities:

- Gap analyses and implementation of the supply chain due diligence law
- Evaluation and enabling for EU Taxonomy Conformity
- Development and implementation of compliance strategies
- Implementation of management systems
