

# NON-FINANCIAL REPORTING

By taking into account the current legal obligations and international frameworks, as well as the GRI standard and the UN Global Compact, we support you in the non-financial reporting of your company.

At P3, we accompany you throughout the entire process of creating a sustainability report, from the concept, to data collection, to the final layout in your corporate design.

## *Our Capabilities:*

- Qualitative and quantitative data collection
- Materiality analysis
- Structural design of the sustainability report according to GRI
- Text compilation
- Design and layout
- Internal communication & marketing
